THE EULAR CONGRESS IS THE WORLD’S MOST RESPECTED EVENT WITH WORLDWIDE ATTENDANCE IN THE RHEUMATOLOGY CALENDAR
About EULAR

**EULAR Mission Statement**
The European League Against Rheumatism (EULAR) is the organisation which represents the patient, health professional and scientific societies of rheumatology of all the European nations. The aim of EULAR is to reduce the burden of rheumatic diseases on the individual and society and to improve the prevention, treatment and rehabilitation of musculoskeletal diseases. To this end, EULAR fosters excellence in education and research in the field of rheumatology. It promotes the translation of research advances into daily care and fights for the recognition of the needs of people with musculoskeletal diseases by the governing bodies in Europe.

**Members of EULAR**
With 45 scientific member societies, 36 PARE organisations and 25 health professionals associations, EULAR underscores the importance of combating rheumatic diseases not only by medical means, but also through a wider context of care for rheumatic patients and a thorough understanding of their social and other needs. Twenty-seven corporate members support EULAR with their membership.

**What EULAR does**
EULAR provides a unique platform for knowledge sharing, transfer, education and training.

Specifically, EULAR supports research projects in rheumatology by funding collaborative research between European rheumatology groups and more recently also groups from across the Atlantic.

Education and training is another key area of commitment for EULAR. The annual congress of rheumatology is the highlight event in the EULAR Calendar each year.

At the European political level, EULAR represents the interests of the entire rheumatic disease community and is the natural partner of European policy makers when policies and regulatory frameworks are developed. Collaboration with international organisations as well as the American College of Rheumatology and the regional leagues of rheumatology associations is a continued and expanding effort of EULAR.

Welcome address

Dear Colleagues,

EULAR will take its Annual Scientific Congress to Madrid, Spain, from 12-15 June in 2019. The annual EULAR Congresses are the major event in the calendar of world rheumatology. Madrid 2019 will again provide an unique event for the exchange of scientific, clinical and patient focussed information on a global basis. In 2019, we will be delighted in particular to celebrate our close cooperation with paediatric colleagues – thus our congress will be jointly organised with the paediatric rheumatology society (PReS), assimilating knowledge across the spectrum of the ‘decades of life’.

We will offer a platform to facilitate interaction between physicians, scientists, patients of all ages and their families, health professionals and professionals representing the pharmaceutical industry, from across Europe and around the world. Moreover, we will proudly disseminate the latest progress in our exciting and increasingly diverse array of EULAR and PReS supported activities, all focussed on improving the well-being of people with, or affected by, rheumatic musculoskeletal diseases.

EULAR Congresses generate tremendous interest in terms of participation reflected by the remarkable quality of contributions. Possibilities for new treatments as well as the impact, burden and cost of rheumatic and musculoskeletal diseases for the individual and society will remain our focus. EULAR Congress 2019 will address once again a wide range of topics including innovation in population, health service, clinical, translational and basic science. Sessions dedicated to People with Arthritis and Rheumatism in Europe (PARE), Health Professionals in Rheumatology (HPR) will feature prominently! High quality health care industry sessions providing in-depth and focussed insights will again be offered. Our poster presentations and poster tours will offer a highly interactive exchange of knowledge and solutions amongst participants. Our programme will increasingly reflect the participation of the EULAR EMEUNET organisation of young rheumatologists that continues to attract young colleagues to the meeting and thus offer an exciting vision for our discipline. Finally, the unique opportunity to create our congress together with PReS, enabling interaction and stimulation of both fields is especially stimulating. Paediatric rheumatology encompasses many fascinating recently-recognised auto-inflammatory diseases that directly inform (adult) rheumatologists. Mutual knowledge exchange is assured and will be of undoubted benefit to all!

We are very happy to visit the City of Madrid again. In recent years, we have enjoyed this vibrant city with its remarkable history, architecture, galleries, museums (consider the breathtaking Prado, Museo Nacional Centro de Arte Reina Sofia and Museo Thyssen-Bornemisza), ambience (Plaza de Cibeles, Puerta del Sol, Plaza Mayor) and delicious food, all of which will once again provide an excellent background for clinical exchanges, international collaborations and renewal of friendships. We will take great pleasure in welcoming physicians, including our paediatric colleagues, patients, their families, health professionals and representatives of the pharmaceutical industry to EULAR 2019, and hope that their stay in Madrid will be informative, educational and thoroughly enjoyable.

Johannes W.J. Bijlsma
EULAR president
Executive summary

Since its introduction in 2000, the Annual European Congress of Rheumatology has become the primary platform for exchanging scientific and clinical information in Europe. It is a highly recognised event which facilitates interaction between expert medical doctors and scientists, people with arthritis/rheumatism, health professionals and representatives of the pharmaceutical industry each year. Having experienced considerable growth in relation to the number of participants and the quality of abstract submissions over the past years, EULAR offers you the opportunity to align your organisation with the world’s leading and best attended event in the rheumatology calendar, a melting pot of the latest findings and trends — a not-to-be missed appointment.

The EULAR Congress, a unique event, offers a large number of scientific sessions that present in-depth successes, challenges and global updates on where the community stands in the fight against rheumatism and musculoskeletal related diseases. Platforms to meet and network amongst delegates are plentiful and interaction with rheumatology organisations, industry and governmental agencies, commercial and non-commercial entities are offered in the form of the exhibition as well as satellite symposia. At EULAR 2018 over 14,700 delegates from 131 countries attended, most if not all professions working with rheumatology were represented.

For all individuals and organisations committed to the fight against rheumatic diseases this is an event that cannot be missed. Getting involved in the annual EULAR Congress facilitates a unique opportunity to leverage four days of unparalleled access to the leaders of the rheumatology world.

How can you get involved?

There are many ways in which you and your organisation can do so. Be present on the exhibition floor to demonstrate your latest products (74 exhibitors at EULAR 2018), hold a satellite symposia session (32 satellite symposia at EULAR 2018) and take advantage of the many support and advertising opportunities available to you. Our team is here to work with you on a one-to-one basis to ensure your investment and presence at the meeting are maximised. Whatever your objectives are, we can create a tailor-made package that will satisfy your exact needs and deliver the desired results.

Exhibiting is a powerful form of marketing, providing unlimited opportunities to drive sales, increase visibility, create positive publicity, differentiate from the competition and broaden competitive advantage by increasing credibility, image and prestige to a highly targeted audience. We know that valuable partnerships will be formed at EULAR 2019 and that this yearly event is a unique platform for you to showcase your latest medical products and services.

The scientific programme will start on Wednesday, 12 June 2019 at 13:00 and will finish on Saturday, 15 June 2019 at 15:00.

The congress will cover the broad spectrum of rheumatic diseases and include state-of-the-art lectures, basic science and clinical symposia, abstract sessions, presentations and discussions of difficult cases, workshops and special interest group sessions. Abstracts can be submitted on the topics listed below.

Sessions of the Health Professionals in Rheumatology and of EULAR PARE (People with Arthritis/Rheumatism in Europe) will extend and complement the programme on all days.

Basic and translational research
1. Genomics, genetic basis of disease and antigen presentation
2. Adaptive immunity (T cells and B cells) in rheumatic diseases
3. Innate immunity in rheumatic diseases
4. Cytokines and inflammatory mediators
5. Cartilage, synovium and bone
6. Rheumatoid arthritis - etiology, pathogenesis and animal models
7. Spondyloarthritis - etiology, pathogenesis and animal models
8. SLE, Sjögren’s and APS - etiology, pathogenesis and animal models
9. Systemic sclerosis, myositis and related syndromes - etiology, pathogenesis and animal models
10. Basic science in paediatric rheumatology
11. SLE, Sjögren’s and APS - treatment
12. SLE, Sjögren’s and APS - clinical aspects (other than treatment)
13. Vasculitis
14. Scleroderma, myositis and related syndromes
15. Spondylarthropathy - treatment
16. Spondylarthropathy - clinical aspects (other than treatment)

Business benefits of partnering with EULAR 2019

**Worldwide exposure**

EULAR has a broad membership, 45 scientific societies, 36 PARE organisations and 25 health professionals associations, an average of 131 countries were represented at the EULAR Congress 2018. While the heartland of EULAR’s activities remains in Europe, EULAR is extending its interests, collaboration and programmes far beyond. In order to promote European rheumatology and improve the management of musculoskeletal conditions, EULAR actively supports a variety of international initiatives in collaboration with the World Health Organisation (WHO), International and Regional Office for Europe, the Bone and Joint Decade and the International Osteoporosis Foundation (IOF). EULAR cooperates closely with the American College of Rheumatology and the Regional Leagues of Asia-Pacific, Central and South America, and Africa as well as scientific societies and patient organisation such as EFORT, FESCA and others. Such partnerships make EULAR a truly international, global and worldwide rheumatology meeting.

**Connecting you**

EULAR offers unrivalled access to networks with international and regional rheumatology experts and the opportunity to learn from and connect with leading thinkers and expert decision-makers in rheumatology. With an ever-increasing interest in arthritis and all related musculoskeletal diseases there are a lot of questions related to this field; EULAR 2019 will address many of these.

**Different positioning**

The EULAR 2019 Congress will help bridge the gap between professions, to provide a 360° approach and understanding of the current challenges and proposed measures. It is a chance to take a helicopter view to observe and learn from the world of rheumatology.

**An organisation in the forefront of the battle against rheumatism**

EULAR remains the leading force in channeling the knowledge and foresight of rheumatology professionals to help determine the top priorities and required actions to enhance the effectiveness of prevention, treatment and rehabilitation of rheumatic diseases.
Exhibiting at EULAR 2019: Individualise your presence!

As part of EULAR 2019, an exhibition space will provide a unique opportunity for exhibitors to showcase their products, services and educational programmes to over 14,000 participants, with an interest in all areas of rheumatology. The layout of the exhibition is professionally designed to ensure comfort for the delegates and optimised visitor flow and therefore maximum exposure for the exhibitor.

Networking events, the cyber cafe and coffee breaks will all take place on the exhibition floor promoting frequent and repeated opportunities for delegates to visit the exhibits and engage with you. The poster exhibition will also take place in the same area driving additional delegate flow through the stands of the exhibitors.

IMPORTANT EXHIBITING INFORMATION

Reservation of exhibition space
On behalf of EULAR all reservations for exhibition space are subject to approval by MCI Suisse SA. Please use the enclosed order form to book exhibition space. EULAR and MCI Suisse SA reserve the right to refuse applications of companies which do not meet the standards required or expected, as well as the right to curtail or to close exhibits that reflect unfavorably on the character of EULAR, such as displays, literature, advertising, novelties, souvenirs, conduct of persons as an example.

Assignment of exhibition space
On behalf of EULAR, MCI Suisse SA will make every possible effort to assign the preferred location of a booth. Exhibitors wishing to avoid assignment of space adjacent to that of a particular competitor should indicate this clearly on their booking form. Careful consideration will be given to all requests. MCI Suisse SA cannot guarantee acceptance of all special requests. MCI Suisse SA reserves the right to relocate or reassign booths at any time for the overall benefit of the meeting. If a preferred space is not available, it is the practise of MCI Suisse SA to contact each company to discuss alternative space availabilities.

Exhibitor registration
All exhibitors are required to be registered and will receive a badge displaying the exhibition company name which must be worn during set-up, exhibition times and breakdown. Exhibitor badges do not provide access to the scientific sessions. Complimentary exhibitor badges will be given (total number depends on stand size; please refer to the following paragraph). Any additional exhibitor badges required will be charged an exhibitor registration fee of EUR 200.

Exhibitor badge allowance
Two exhibitor badges will be given for the first 9 SqM booked and one additional badge for every additional 9 SqM reserved. Above that, two additional exhibitor badges will be given per 25 SqM of space booked (i.e. 20 x complimentary for a space of 100 sqm).
Exhibiting at EULAR 2019: Networking events

Networking events
The networking programme of a congress is an important part of the event itself. It creates the opportunity for participants from different countries to get together outside the busy scientific programme of the congress. However exhibitors are reminded that networking events must not be arranged during the official scientific programme hours. Please refer to section 7 of the ‘EULAR Code of Practice’ for full details.

Cancellation of exhibition and congress
It is mutually agreed that in the event of total or partial cancellation of the congress due to fire, strike, natural disaster (either threatened or actual), government regulations or causes which would prevent its scheduled opening or continuance, this agreement will be terminated immediately and EULAR shall determine an equitable basis for the refund of a portion of the exhibit or other fees after due consideration of expenditures and commitments already made. Under no circumstances are EULAR and/or MCI responsible for any exhibitor expenses (such as travel, lodging or exhibit shipping) or any other incidental or consequential damages.

Ready, steady, measure!

**Determine the success of your marketing activities**

Take a peek into the strategies and budgets of the world’s most successful marketeers and you’re bound to find one figuring in them all: exhibitions. No other element brings customers to you and connects all five senses to make your company’s people, products and services come to life. Exhibitions are a medium that can help you accomplish so many goals within so many disciplines – including sales, marketing, customer relationship management, market research.

Given the importance of exhibitions in the marketing mix, one would expect most companies to measure their exhibition activities closely. In reality, all too many do not. Measuring your exhibition results is not just important, it’s essential. Are you making sure that every Euro of your marketing budget is pulling its weight?

**Why measure?**

There are three major reasons for measuring the results of every exhibition you attend:

- To justify your investment – every item in your marketing budget needs to show a return on investment. Measuring gives you the facts you need to get the marketing mix right.
- To improve your own activities – what you do before, during and after each event can matter as much as which events you choose. Measuring lets you improve your own team’s performance and results.
- To encourage goal-driven activities – what gets measured gets done. If you want to see your team focused on results, tell them what results you mean – and show them you’re measuring!

**THE THREE MOST IMPORTANT ELEMENTS OF ANY EXHIBITION MEASUREMENT SYSTEM ARE GOALS, GOALS, GOALS**

Satellite symposia at EULAR 2019: Maximise your impact!

You are invited to organise a satellite symposium at the upcoming EULAR 2019. This highly visible and high-impact activity allows you to attract interested and qualified delegates and update them personally on the science that supports your campaigns and products. It is one of the most popular opportunities for honest and open debate between the medical profession on the topics most relevant to your corporate objectives. The time slots are outside of the main congress sessions which maximises the number of people that can attend your symposia session.

A maximum of 9 simultaneous satellite symposia per time slot will be authorised during EULAR 2019. With such limited availability we strongly advise you to contact us early if you are interested in securing a specific time slot.

Satellite symposia – what’s included?

Rooms
- Room rental
- Option for company logo on screen, presidential table and speaker lectern

- Audio-visual equipment and on-site management
- Digital badge scanning package: number of devices included varies according to room capacity
- Display table at the meeting room entrance
- Signage display board
- Complimentary use of speakers preview room (Two hour slot per symposium)

Registration
- Complimentary technical passes for agency staff (number depends on the size of the room)

Acknowledgement
- One page advertising in the satellite symposia booklet
- Programme listing on the official EULAR Website from the end of April 2019
- Use of EULAR Congress Logo on the symposia invitation

SATELLITE SYMPOSIA SESSIONS - THE BENEFITS TO YOU

- High visibility
- Respected forum for presenting innovations and cutting-edge research
- A captive audience of decision-makers
- Increased recognition among thought-leaders in rheumatology field

EULAR 2019 satellite symposia

Important satellite symposia information!

Satellite symposia are governed by EULAR Guidelines; please refer to the EULAR Code of Practice.

Programmes for these symposia are drawn up by the contract partner. However, it should be noted that 60% of the programme must be of a general scientific content and not more than 40% related to a specific drug or form of treatment. Satellite symposia titles must not include product names (even generic). All programmes must be submitted to the Scientific Committee for approval no later than Friday 1 March 2019.

All satellite symposia programmes will be published in the satellite symposia booklet and on the EULAR Website in advance of the congress.

If you do not wish to have your satellite symposium programme published on the website in advance of the congress, please inform us in writing by beginning of March 2019.

Other symposia or symposia-like events are strictly prohibited between Wednesday 12 June, 13:00 and Saturday 15 June 2019, 15:00.

Satellite symposia general guidelines

- The contract partner selects topics and speakers.
- Sponsored satellite symposia programmes, hand-outs and invitations must be submitted to the Congress Secretariat for approval by the Organising and Scientific Committees.
- In addition to the support fee, the contract partner must cover travel, accommodation and onsite costs for speakers and chairs.
- Signposting, additional display or distribution of posters, brochures or any promotional material outside the satellite symposium rooms or outside the company exhibition stands are not allowed and will be systematically removed by EULAR.
- EULAR assumes that speakers and chairpersons of the satellite symposia will be contacted by the companies themselves to notify them of the time and place of sessions to arrange for their registration, travel and accommodation.
- EULAR does not require speakers at the satellite symposia to submit abstracts of their lectures as they will not be published. Companies can, however, publish their abstracts for distribution at the entrance of the satellite symposium lecture room.
- Times and dates of the satellite symposia sessions will be announced on the congress website and in one of the congress e-updates. A one page advertisement will be included in the satellite symposia booklet. Any promotional material to be placed in the congress venue will require approval from EULAR.

Support opportunities at EULAR 2019: Enhance your visibility!

Stand out from the crowd! Enhancing your visibility at EULAR 2019 gives you the advantage and can play a key part in helping you achieve your congress objectives. Ensure your company benefits from the highest level of exposure to thousands of senior rheumatology specialists.

On page 26 of this brochure you will find a table which gives an overview of all the partnership opportunities available at EULAR 2019. The table is designed to help you to compare, evaluate and easily understand the associated benefits related to each individual opportunity. To help you in your selection you will see that the table is split into 3 different sections:

Section 1 - ‘Pre-event exposure’ these opportunities will allow you to target the delegates in advance of the event

Section 2 - ‘Create the perfect 1st impression’ these opportunities will allow you to catch the delegate’s attention upon arrival at the event

Section 3 - ‘Maximum brand impact’ these opportunities will allow you to really make your brand/product stand out on the exhibition/congress floor

You will also see that each opportunity is measured against 4 different types of benefit:

Benefit 1 - High volume/contact - allowing you to maximise your visibility and increase brand/product awareness

Benefit 2 - Drive brand awareness – allowing you to maximise awareness, strengthen your brand positioning

Benefit 3 - Be different – allowing you to emotionalise, retain customers, put your brand/product in a position that is seen as ‘unique and innovative’

Benefit 4 - Longevity – allowing you to prolong your exposure post event.

What’s included

PRE-EVENT EXPOSURE

EULAR 2019 Congress programme on mobile devices 19,300 Euros + VAT

PUT YOUR BRAND IN THE PALM OF THE EULAR 2019 DELEGATE’S HAND

Don’t miss this opportunity to reach attendees through the latest technology. Attendees will use this service before and during EULAR 2019. This service allows the attendees to create their own congress schedule and plan which exhibitors they want to see.

THIS OPPORTUNITY INCLUDES:

- Congress programme available to download from the EULAR 2019 Website
- One on-site desk where the delegate can download the congress programme to their mobile device
- Company logo on the welcome page of the application
- Acknowledgement in the EULAR 2019 Final Programme (14,000 copies)

The programme on mobile devices is ideally to be combined with:

EULAR 2019 Online itinerary planner 33,900 Euros + VAT

HELP EULAR 2019 DELEGATES TO PLAN THEIR LEARNING JOURNEY

With hundreds of sessions to choose from at EULAR 2019 every delegate will want to carefully plan their day. The online itinerary planner is a valuable tool that allows the individual to search all the sessions by topic, day, presenter, and/or stream.

By aligning your brand with this opportunity you will help the delegates to find the sessions that are most important to them and build an itinerary that makes the best use of their time.

THIS OPPORTUNITY INCLUDES:

- Display of the contract partner company logo on the portal page and within the itinerary building tool
- Acknowledgement in the EULAR 2019 Final Programme (14,000 copies)
What’s included

CREATE THE PERFECT FIRST IMPRESSION

EULAR 2019 Final Programme (minimum 14,000 printed)

THE INDISPENSABLE GUIDE FOR ALL ATTENDEES AT EULAR 2019
Put your name in the hands of the largest gathering of rheumatology specialists in the world. The final programme is distributed to all delegates on-site inside the official EULAR 2019 Congress Bag. The programme contains the final scientific programme, the networking programme and all general information about the congress. The delegates will use the final programme to plan and organise their activities on a daily basis.

FINAL PROGRAMME ADVERTISING OPPORTUNITIES (A4):
- 4th cover page (outside, back cover) – 30,500 Euros + VAT
- 3rd cover page (inside back cover) – 18,500 Euros + VAT
- Inside page – 10,600 Euros + VAT

EULAR 2019 Pocket programme (minimum 14,000 printed)
18,500 Euros + VAT

A POCKET-SIZED CONFERENCE PROGRAMME INSERTED INTO EVERY EULAR 2019 DELEGATE BADGE HOLDER
The pocket programme is a pocket-sized conference overview/exhibition plan that conveniently fits into the back of the delegate’s badge. All delegates receive a pocket programme upon collection of their badge. The pocket programme is used as a daily reference tool.

THIS OPPORTUNITY INCLUDES:
- An advertisement on the back of the pocket programme
- Acknowledgement in the EULAR 2019 Final Programme (14,000 copies)
What’s included

MAXIMISE BRAND IMPACT

EULAR 2019 Wireless Internet Access
90,000 Euros + VAT

KEEP EULAR 2019 DELEGATES ONLINE AND CONNECTED
Thousands of delegates access the internet wirelessly during EULAR 2019 and the sponsor of Wireless Access will have the opportunity to engage with those professionals every time they do so. Ensure delegates will see your online messages at a time you can predict and plan for.

THIS OPPORTUNITY INCLUDES:
• Sponsor’s logo and message on the WIFI welcome page
• Acknowledgement in the EULAR 2019 Final Programme (14,000 copies)
• Acknowledgement in the final programme on the EULAR 2019 Congress Website.

EULAR 2019 Cyber Café
55,000 Euros + VAT

KEEP THE EULAR 2019 DELEGATES ONLINE AND CONNECTED
Despite widespread mobile technology and wireless connectivity, the cyber café remains a perennially busy feature at EULAR. The cyber café will allow the company to engage with users of this service in a variety of ways. The cyber café is offered free-of-charge to all attendees.

THIS OPPORTUNITY INCLUDES:
• Provision of 24 computers, servers and internet connections
• Opportunity to display company logo and information on screen saver
• Opportunity to brand the café with signage and branded mouse mats (provided by sponsor)
• Acknowledgement in the EULAR 2019 Final Programme (14,000 copies).
What’s included

**EULAR 2019 Recharge zone + power tower**

3,300 Euros + VAT (per tower)

(for exclusivity of this opportunity, please contact us today for further details)

**KEEP EULAR 2019 DELEGATES ONLINE AND POWERED UP!**

At EULAR 2019 there is the possibility to support an individual power tower or all of the power towers if you would like to make this area exclusive to your company. Each tower will be allocated on a first come first served basis so if you would like to make it exclusive we highly recommend that you contact us immediately. In this area the EULAR Delegate will be able to work whilst recharging their computers and mobile devices. Your branding will be prominently displayed and viewed by both users and people passing by.

**THIS OPPORTUNITY INCLUDES:**
- Opportunity to brand each individual power tower
- Acknowledgement in the EULAR 2019 Final Programme (14,000 copies).

**EULAR 2019 Mobile device support centre**

22,500 Euros + VAT

**ENSURE EULAR 2019 DELEGATES STAY CONNECTED**

There is nothing more annoying than a mobile device (smart phone, tablet) that stops working when you need it most. The mobile device support centre is a stand manned with experts to help with all the little problems that may come up while you are at EULAR. At the same time, the stand also offers supervised recharging and supported download of the EULAR 2019 mobile application.

**THIS OPPORTUNITY INCLUDES:**
- Opportunity to brand the support centre
- Acknowledgement in the EULAR 2019 Final Programme (14,000 copies).

International congresses and symposia are both important and highly visible scientific meetings. They have developed from relatively small meetings into, in some cases, large international events with thousands of participants. They are important events for the presentation and exchange of up-to-date scientific data and bring together specialists from many countries for the exchange of information and experience that could not be achieved by correspondence. They also create the opportunity for companies involved in the health care industry to interact face-to-face with health care professionals.

Without the partnership of the pharmaceutical and medical equipment industry such congresses and symposia would often be scientifically less successful and also difficult to manage financially. The cooperation of companies active in the field is therefore welcomed by those involved in the management of scientific meetings.

Health care is mostly provided by the public hand and is more and more carefully observed by the public eye. It is essential that the inter-relationship between science and commerce at these events is sensibly balanced, and needs to be professionally managed by all parties and fully transparent to the public. The responsibility lies with all involved parties.

For these reasons, the European League Against Rheumatism (EULAR) has developed the “EULAR Code of Practice” which governs the relationship between the organisers of the congress and the involved industry representatives in the preparation of, during and after the Annual European Congress of Rheumatology.

It is important that the pharmaceutical companies participating in international congresses and any other scientific meetings under the jurisdiction of EULAR understand that the objective of such manifestations is to advance and enhance science in the field of musculoskeletal diseases. As a consequence, commercial activities must not exceed what is deemed acceptable.

The following guidelines should therefore be adopted:

1. **Organisation**

The overall responsibility for the Annual European Congress of Rheumatology (congress) lies with the European League Against Rheumatism (EULAR). Part of the logistical and infrastructural organisational work may be delegated to a third party company (PCO), such as registration and accommodation, abstract handling, partnership activities, exhibition, etc. The PCO acts in the name and on behalf of EULAR for all delegated activities. At this time, EULAR has mandated MCI Suisse SA with these activities.

2. **Participating companies**

Companies involved in the health care industry can become partners in the congress. For this, the PCO publishes a set of services including prices in the “Partnership and Investment Opportunity” manual, transparently available to any interested party. With selecting and ordering such service(s), the interested party becomes a contract partner for the event in question.

It is the contract partner’s responsibility to inform all subsidiaries, affiliates, third party companies etc. involved on its behalf of the rules and regulations of the “EULAR Code of Practice”. It is also the contract partner’s responsibility that its subcontractors adhere to all rules and regulations.

MCI as well as EULAR will communicate only with clearly identified third party companies, officially mandated by the contract partner. Requests received from third party companies (i.e. communication and press agencies) which cannot present a letter of authorisation by the contract partner will not be answered.

3. **Exhibition**

It is widely recognised that the exhibition stand is a major forum for the pharmaceutical and medical equipment companies to create the opportunities where they may talk to health care professionals about their company and products. Exhibition stands should therefore create the opportunity for the company to show and display information relevant to both the company and its products as well as other scientific information deemed appropriate. Activities not related to the practice of medicine and/or the field of musculoskeletal diseases are deemed
Code of practice between EULAR and the pharmaceutical industry

inappropriate under this “EULAR Code of Practice”.

ASSIGNMENT OF SPACE

Exhibition space will first be allocated to corporate members and subsequently to other companies on a first come, first served basis. Further details of the attribution process are outlined in the attribution process document for corporate members. Corporate membership information is available from the EULAR Secretariat on request.

USE OF RENTED SPACE & HEIGHT LIMITATION

The Exhibition Technical Manual provided for contract partners as well as local legal and/or safety and security regulations are the binding guidelines for the use and branding of rented space. The height limitation as communicated in the Exhibition Technical Manual must be respected both for physical and visual devices (e.g. lasers, gobos, etc.).

No part of the stand may exceed the rented surface of the stand. Rigging (hanging items from the ceiling) is not permitted.

NOISE

Exhibitors may not produce noise and/or use amplification of music and/or voice which may be heard outside the space assigned to the exhibitors, or which may interfere with or be felt objectionable to attendees or other exhibitors. The volume level must not exceed 70dB (A) at the boundaries of the stand. The PCO reserves the right to require exhibitors to discontinue any such activity. Live presentations at the stand are not permitted without prior approval from the organisers.

STAND ACTIVITIES

‘Meet the Expert’ sessions or press briefings at the stand are not allowed during the official scientific programme activities (scientific and educational sessions, poster tours and posters viewing, satellite symposia). A round table for a maximum of 8 participants during coffee breaks (no further audience) is accepted. A request to hold such sessions must be submitted to the PCO (MCI) for approval. Stand activities such as quizzes, contests, etc. can take place throughout the exhibition opening hours with a limitation of 8 simultaneous participants.

ACCESS TO THE STAND SPACE

Access to the stand during the build-up phase is only possible for persons holding a “Stand builder pass”. On the opening day of the congress (usually Wednesday) persons holding an “Early access” pass may enter the exhibition area as of 07:30 to operationally prepare the stand and to eventually hold staff briefings.

RECORDING

Filming may ONLY take place in designated filming areas with prior authorisation from the EULAR Press Office (whether press or industry). Authorised Filming Permit badges will need to be worn in a visible place at all times during the congress when filming OR carrying filming equipment by all relevant personnel. An up to date filming permit should be produced when asked. Those that do not have these badges will be directed to the EULAR Press Office to obtain a badge.

Industry are required to seek permission from the EULAR Press Office to conduct any filming within the congress centre, outside of the satellite symposia. Filming of an industry satellite symposium may be led by the organising company only, but can only take place with prior approval, contact is Christopher.Day@mci-group.com. Industry are permitted to film within their own hospitality suite providing this is not visible to other delegates and the EULAR logo and/or EULAR congress branding is not used, but prior authorisation must be sought from the EULAR Press Office and an Authorised Filming Permit badge issued.

Filming of own exhibitor stands for documentary purposes (including time-lapse photography), but not of the stands of other exhibitors, can only take place outside of exhibition opening hours and permission must be granted by the organisers (MCI) and an Authorised Filming Permit badge sought. Exhibitors may take pictures of their own stands for documentary purposes but not of the stands of other exhibitors and
only outside of exhibition opening hours.

Picture-taking, including time-lapse photography is prohibited within the congress venue at all times during the congress, by all delegates, including in scientific sessions, public spaces, poster sessions, and in the exhibition halls. Filming outside of the congress centre (outside of the boundaries of the congress venue, or in neighbouring venues) does not require permission. In this case, the EULAR Logo and/or EULAR Congress branding may not be used as a back-drop or in final production.

All unauthorised recording of material will result in the intervention of EULAR mandated security personnel, the confiscation of the recorded material and potential invalidation of the access credentials.

To request permission to film in a designated filming area, please email: ursula.aring@eular.org.

**GIVE-AWAYS AND PRINTED MATERIAL**

Give-aways and printed material may only be distributed in the space rented by the exhibitor in the exhibition hall, in hospitality suites, or at satellite symposia. No such material may be distributed in any hotel used by EULAR.

Companies may only offer gifts (maximum value of EURO 20) preferably of educational or scientific value. Gifts with a value of more than EURO 20 are allowed for professional or patient education purposes. Textbooks and CDs will be allowed at this value. Product identification is permitted on give-aways. It is the company’s responsibility to also adhere to any restrictions and/or limitations which may be applicable according to the legislation of the host country of the congress. Contests, lotteries, raffles are subject to the approval by the organisers (MCI).

**ALCOHOLIC BEVERAGES**

Serving of alcohol at the congress is not permitted at any time, except during the EULAR Networking Platform and by EULAR only.

**SPACE INTEGRITY/PROMOTIONAL ACTIVITIES**

Exhibitors are prohibited from publicising, distributing, and canvassing, and/or maintaining any activities, inducements, demonstrations, materials, or displays outside the space assigned to them.

**PRODUCT DISCLAIMER**

The acceptance of a product or service for exhibition does not in any manner constitute an endorsement by EULAR.

**EXHIBITOR’S PARTICIPATION IN SESSIONS**

Participants registered as exhibitors will not be permitted to attend scientific sessions at the EULAR Congress. Exhibitors interested in attending any scientific session must register as regular congress participants. Exhibitors will receive complimentary exhibitor registrations. The number of complimentary registrations depends on the size of the exhibit.

EULAR reserves the right to refuse applications of companies not meeting or not having met in previous occasions the standard requirements or expectations. EULAR reserves the right to curtail or to close exhibits (wholly or partially) that reflect unfavourably on the character and the purpose of the congress, or because of serious violation of the “EULAR Code of Practice” by the contract partner.

4. **Satellite symposia guidelines**

Satellite symposia held by the pharmaceutical industry will have, as their main objective, the communication of scientific material, which will enhance the knowledge of attending health care professionals. There will be no material inducement or publication of a reward to attend the symposium. Delegates may of course be sent special invitations but no reward to participants is allowed for attending a symposium. It is not permitted to prevent delegates from attending a satellite symposium unless there are legal requirements imposed by the host country of the event.

Satellite symposia slots will first be allocated to corporate member companies and then to other companies on a first come, first served basis.
Code of practice between EULAR and the pharmaceutical industry

Further details of the attribution process are outlined in the attribution process document for Corporate Members. Corporate Membership information is available from the EULAR Secretariat on request.

At least 60% of the programme of a satellite symposium must be of general scientific content, and not more than 40% may be related to any specific drug or form of treatment or similar. The satellite symposium programme must be submitted to the EULAR Scientific Programme Committee (EULAR Secretariat or through the PCO) 15 weeks prior to the congress and will need to be approved by the EULAR Steering Committee and the chairman of the Scientific Programme Committee (no response within 21 days implies assent).

The chairperson of the satellite symposium has a responsibility to oversee that the messages and conclusions presented during the symposium are based on available scientific data. The contract partner should inform the chairperson(s) of this responsibility. In addition, the holder of a satellite symposium and the chairperson are jointly responsible for adhering to the assigned time slot of the symposium.

Satellite symposium holders will receive a number of free full delegate registrations. The number of free registrations depends on the size of the symposium (size of auditorium).

All satellite symposia must be held at the congress centre during the official time slots offered by the organisers (see PIO Manual). Companies holding a satellite symposium outside the congress centre and/or outside the official satellite symposia slots will be fined with the amount equivalent to the highest priced satellite symposia slot, and they will not be invited to participate at the two following congresses. EULAR also reserves the right to close the booth of the contract partner if the company is exhibiting at the congress.

ADVERTISING AND PROMOTION OF SATELLITE SYMPOSIA DURING THE CONGRESS

Satellite symposia programmes and invitations may only be distributed in the space rented by the exhibitor in the exhibition hall (if applicable), in hospitality suites, and at the entrance to the auditorium used for the satellite symposium no more than 30 minutes before the start of the satellite symposium.

Designated areas in high-traffic locations at the congress venue will be made available to companies for displaying posters advertising their satellite symposia. The display of posters and visuals advertising satellite symposia during the congress is limited to such designated areas, rented exhibition space, hospitality suites as well as staffed hospitality desks.

In agreement with the applicable Spanish laws regulating restrictions for promotional activities in the context of medical events, prescription medicines advertisements will not be allowed on satellite symposia advertisements, posters and invitations displayed/distributed at the congress.

Stand-alone signs advertising satellite symposia and/or any other corporate branding in congress hotels are not authorised unless these are located next to and part of a permanently staffed company hospitality desk.

PHOTOS, FILMING AND AUDIO RECORDING OF SATELLITE SYMPOSIA

A company holding a satellite symposium (or symposia) has the exclusive right to organise photos, filming and audio-recording of their satellite symposium. Any such recording requires prior approval by EULAR and/or the PCO.

LIVE BROADCASTING

Live and/or simultaneous broadcasting of satellite symposia in any way is prohibited.

DELAYED BROADCASTING

For sound and image recording of satellite symposia (or parts thereof by any type of media) that are dedicated for presentation to a public or closed audience outside the congress, the company holding the satellite symposium is required to obtain formal
acceptance from all speakers in writing and send it to the organisers (MCI) at the latest 2 weeks before the congress. Satellite symposia must not be broadcast in any way until the first Monday following the end of the EULAR Congress at which the satellite is scheduled.

See item 6 for additional guidelines for Internet publication.

5. Company meetings, press, media and publications

Press conferences, briefings of any kind or similar group events organised directly or indirectly by the pharmaceutical industry may not be held in the congress centre and not be organised during the official scientific programme hours (see glossary). All such events with groups larger than 8 participants need the prior approval by the EULAR Secretariat.

Not affected from this regulation are meetings with investors (Investor Relation Meetings) and company internal meetings with entirely sales and/or marketing personnel. They may be held outside of the congress centre at any time during the congress.

Press releases of pharmaceutical companies are bound to the “EULAR Abstract Embargo Policy”.

Corporate press material may not be distributed inside the EULAR Media Centre. In agreement with the applicable Spanish laws regulating restrictions for promotional activities in the context of medical events, product information concerning prescription medicines may not be distributed outside the commercial exhibition area.

The use of the EULAR name and congress logo in any fashion, by any commercial entity, for any purpose is expressly prohibited before, during and after a congress without prior written consent of EULAR. The official congress logo may be used on invitations for officially approved satellite symposia. It can be requested from the EULAR Secretariat.

Picture taking, filming and recording of the scientific programme or any part of it is not allowed. Press and media interviews can be arranged on demand through the officially appointed EULAR press and media agency.

Please also refer to the “EULAR Press and Media Rules and Regulations” document in this context.

6. Internet publication of material

The guidelines for press, media and publications are likewise applicable for the publication of material and information on the internet.

Given that all material presented at the congress is of public interest and no longer confidential, EULAR expects such publications to be accessible without prior registration to a site, even if the registration is free.

7. Networking events

The social networking programme of a congress is an important part of the event itself. It creates the opportunity for participants from different countries to get together outside the busy scientific programme of the congress. However, all congress partners are reminded that such events must not be arranged during the congress programme hours (see glossary). Transportation to networking events must not depart during the congress programme hours (see glossary).

Networking events organised by the pharmaceutical industry according to the “EULAR Code of practice” may contain a “Welcome introduction” not exceeding 15 minutes in total by maximum two speakers. This introduction may be referred to in the invitation to the networking event as “Introduction to... (subject)” and should contain not more than 40 percent product placement.

8. Poster viewing/Guided poster tours

The published time slots for poster viewing are officially part of the EULAR Scientific Programme. Company organised events, meetings and activities involving delegates are not allowed during these times.

EULAR organises poster tours for the delegates. They are published in the final programme and on the EULAR Website. Poster tours are exclusive to EULAR. Poster tours organised by any other entity are therefore not permitted at any time.

9. Legal issues

Each contract partner is responsible for the material and information they make available at the congress. Contract partners and their mandated organisations should only present material and information which has been approved by their legal departments and which is in compliance with the legislation of the
host country of the congress. To summarise, contract partners should address these issues and any conflicts arising from such matters directly among themselves as the organisers will never intervene or arbitrate in any way in legal issues.

10. EULAR Code of Practice enforcement

All participating companies must comply with the “EULAR Code of Practice” and general congress guidelines. Penalties will be applied when violations occur.

The procedure for controlling and enforcing the guidelines and regulations is as follows:

- Alleged violations will be reported to MCI and/or the EULAR Executive Secretariat.
- Once the alleged violation has been duly considered by the EULAR Executive Secretariat, a representative of the relevant company will be invited to present the company’s view. The final decision on appropriate measures will be taken by the EULAR Executive Secretariat jointly with the EULAR Executive Committee.

11. Other relevant documents

Further to this “EULAR Code of Practice”, the following documents may be of assistance. They are available from the PCO (MCI) and can be downloaded from the EULAR Congress website.

- EULAR Partnership and Investment Opportunities Manual
- EULAR Abstract Embargo Policy
- EULAR Press and Media Rules and Regulations document
- EULAR Meeting Regulations

Data Protection

A. In accordance with European data protection regulation, in particular Regulation (EU) No. 2016/679 on the protection of natural persons with regard to the processing of personal data, MCI Group, as data controller, processes the exhibitor/sponsor’s personal data for the purposes of (i) managing and organising the event, in particular the management of exhibitor/sponsor’s stand, investment opportunities or industry symposium (ii) managing and organising prospecting and loyalty (iii) enabling the exhibitor/sponsor to benefit from our services (iv) enabling the exhibitor/sponsor to receive our news. These data processing have as legal basis the execution of the contract: the information we collect is necessary for the implementation of the contract to which the exhibitor/sponsor has adhered, failing which the contract cannot be executed.

B. Exhibitor/sponsor’s data are retained for the time necessary for processing purposes, namely 5 years from the end of the business relationship.

C. For processing purposes, the data of the exhibitor/sponsor’s data – or any transmitted by the sponsor - will be transmitted to the following recipients: management service providers of our Customer Relationship Manager, service providers in charge of management, event service providers (official contractors, security, official freight forwarders, etc.).

D. The data necessary for MCI Group to fulfil the purposes described above are those appearing on this order form. In accordance with the regulations in force, the exhibitor/sponsor benefits from a right of access, rectification, limitation, deletion and portability on his data.

E. The exhibitor/sponsor may also object to the processing of his personal data concerning him and lodge a complaint with the data protection and control authority. The exhibitor/sponsor may exercise his rights by sending a request to the following address eurosoil@mci-group.com or by contacting our Data Protection Officer (DPO): anne.lesca@mci-group.com

F. In any event, the exhibitor/sponsor acknowledges compliance with European data protection regulations for its own processing, including Regulation (EU) No. 2016/679 on the protection of personal data, foremost among which the integrity and confidentiality of data communicated by participants and compliance with their data-retention periods. In case of communication to MCI by the exhibitor/sponsor of a personal data file, the exhibitor/sponsor acknowledges having informed and obtained the consent of the person(s) concerned by this communication.
EULAR 2019: Venue information

The Annual European Congress of Rheumatology EULAR 2019 will be held at:

**IFEMA**

**Feria de Madrid**
Avenida del Partenón  
28042 Madrid  
Spain  
Website: www.ifema.es

Set next to one of the most important business centres in the city, the Feria de Madrid is linked to major arteries, which makes it easily accessible for EULAR 2019 participants.

Furthermore, the Adolfo Suaréz Madrid-Barajas airport is just a few miles away from the IFEMA and easily accessible from every corner of the world.

Delegates can also make use of public transport, particularly thanks to the vast Metro Madrid underground network, which links the venue to every point of the city.

The architecture of Feria de Madrid’s facilities and the versatile capacity of its various spaces make this complex one of the most modern, technologically best designed and equipped venues in Europe.
EULAR 2019: City information

Travelling to Madrid

**BY PLANE**
Adolfo Suarez Madrid-Barajas airport is one of the main airports in Spain. In terms of infrastructure, equipment, resources and air traffic, it is the most important air hub in Spain and the fourth in Europe.

It is just 13 km away from the city, and access to it by public transportation is one of the quickest and easiest to use in the world: besides bus or taxi, travellers may take the Metro, offering easy and frequent connections to the city centre.

A taxi ride from the airport to the congress venue (IFEMA) takes about 10 minutes and costs around 20 euros.

Adolfo Suarez Madrid-Barajas airport is serving over 166 destinations and is the main European air hub for Latin America. Major airlines, including low cost airlines, are operating from and to this airport.

Since the inauguration of the new terminal in 2006, its capacity increased to 70 million passengers a year. The new terminal building was designed by Richard Rodgers and Lamela and it has received the Stirling Architecture Award.

**METRO**
The underground (Metro) is the fastest, most efficient and most affordable way to move around Madrid. The city has a vast metropolitan network, one of the most comprehensive in Europe, and covers almost all the points in the capital and many of the neighbouring areas.

Currently, there are twelve metro lines and three Metro Ligero (tramway) lines.

The metro line number 8 or pink line (Nuevos Ministerios – Airport T4) connects the city to the Adolfo Suarez Madrid-Barajas airport, in approximately 12 minutes and to Madrid’s Trade Fair grounds (IFEMA). The metro stop at IFEMA is called “Campos de las Naciones”, located at the South Entrance of the IFEMA.

**BUS**
Madrid has an extensive city bus network, run by the company Empresa Municipal de Transporte (EMT), which covers the whole city. All the vehicles are air-conditioned and equipped with WiFi. Madrid’s buses have special facilities for disabled access. Although main streets have dedicated bus lanes, buses can be slowed down during rush hours.

Line number 112 running from Mar de cristal to Barrio aeropuerto stops at the IFEMA. Get off at “Partenon - Campo de la Naciones”.

**TAXIS**
Taxis in Madrid are white with a diagonal red band on their front door bearing the emblem of the city. They have a green light that is on when they are free. To hail a taxi all you need to do is raise your hand.

There are also several taxi ranks around the city, indicated by a blue sign with a white letter ‘T’. Taxis must be taken from the corresponding ranks at railway and bus stations and at the airport. Throughout the rest of the city they can be easily stopped on the street.

With over 15600 taxis in Madrid, finding a free one on any of the city’s main streets is rarely difficult. Journeys are usually paid for in cash although more and more taxis accept credit cards.

Prices are quite reasonable, considering that a one-way trip from the city centre to the airport costs around 20-25 Euros.
